Considerable interest is felt in the arrival of the next California steamer, as the advices by her will abow the effect of the news of the failure of Mesers. Page & Bacon. It is feared that a run upon Messrs.

Page, Bacon & Co., extending to the other bankinghouses, may have followed; but the friends of that house are confident of its ability to sustain any call which may have been made upon it. The steamer

will be due Sunday or Monday.

The American Exchange Bank has, we understand, been appointed Transfer Agent of the State of Illinois. No agent for the payment of interest has been appointed, and the Treasurer will probably pay both the January and July interest, in July, in person. This matter is left under his responsibility. Gov. Matteson, who is in town, has made arrangements with the late State Agent, Mr. Wadsworth, by which he comes into possession of securities nearly or quite equal to the amount due the State, and which ers it unnecessary to proceed against the Agent's The act for taxing foreign capital, which we alluded

brought before the Stock Board yesterday, by Mr. Jacob Little, in regard to a purchase by him at auction of Delaware and Hudson Stock of Mr. Draper; but other journals having alluded to it, we will state the facts as we understand them. Mr. Draper is nominally a member of the Stock Board which acof that body. It appears that Mr. Little bought a Mr. Draper's sale, some six weeks ago, 80 shares Del aware and Hudson at 111. The terms of sale were 10 cent on the day of sale, and the balance on the day after. The 10 V cent. deposit, however, is not usually required of responsible buyers. Mr. Little did not make the doposit and did not demand the stock the next day, and the owner finding the terms of sale not complied with, and having changed his intention in regard to selling, withdrew the Stock from the days after the sale at 110½ @ 110½. The matter rest-ed until a short time since, when Mr. Little de-manded the Stock, the market having risen to 119. have sent the Stock and demanded a check; and this question a Committee of the Board has been appointed to to decide.

"Within the last week there has been a very great improvement in the trade of this city. Our Marketst, merchants are now very busy. Our remarkable feature of the trade this season is, that it is at much aborter credits than heretofore."

It is believed that an extra session of the Texas

Legislature will be called to take into consideration the act in relation to the debt of that State, just passed by Congress.
